

Have We Got An App For You!

Download our awesome cultural recipes from the Thompson Hospitality Joint Ventures App. Start by creating your profile (even add your photo, if you want). Then browse our collection of cool cultural content, including Cultural Cookbooks, Cultural Calendars, Diversity Celebrations, Monthly Fun Facts, *Unity Magazine* and – of course – our recipes.

You can quickly post your reviews of our recipes and even save them in your virtual recipe box to use when it's time to cook a meal.

You can also learn about our lineup of popular restaurants by clicking on the Retail Brands tab.

Our free app is easy to use on a smartphone or tablet. Just download it at the Apple iTunes Preview or Google Play stores.
